MILITARY CONSTRUCTION APPROPRIATION BILL, 2003

JULY 3, 2002.—Ordered to be printed

Filed, under the authority of the order of the Senate of June 26, 2002

Mrs. FEINSTEIN, from the Committee on Appropriations,
submitted the following

REPORT

[To accompany S. 2709]

The Committee on Appropriations reports the bill (S. 2709) making appropriations for military construction, family housing, and base realignment and closure for the Department of Defense for the fiscal year ending September 30, 2003, and for other purposes, reports favorably thereon and recommends that the bill do pass.

Total of bill as reported to Senate	\$10,622,000,000
Amount of 2003 budget estimate	9,664,041,000
Amount of 2002 appropriations	10,604,400,000
The bill as reported to the Senate:	
Over the budget estimate, 2003	957,959,000
Over appropriations for fiscal year 2002	17,600,000

BACKGROUND

PURPOSE OF THE BILL

The Military Construction appropriation bill provides necessary funding for the planning, design, construction, alteration, and improvement of military facilities worldwide, both for Active and Reserve Forces. It also finances the construction, alteration, improvement, operation, and maintenance of military family housing, including payments against past housing mortgage indebtedness. Certain types of community impact assistance may be provided, as well as assistance to members of the military who face loss on the sale of private residences due to installation realignments and closures. The bill is also the source for the U.S. share of the NATO Security Investment Program. In addition, the bill provides funding to implement base closures and realignments authorized by law.

COMPARATIVE STATEMENT

The Committee recommends appropriations totaling \$10,622,000,000 for fiscal year 2003 military construction, family housing, and base closure. The following table displays the Committee recommendation in comparison with the current fiscal year, and the President's fiscal year 2003 request.

COMMITTEE RECOMMENDATION

The Committee recommends new fiscal year 2003 appropriations of \$10,622,000,000. This is \$957,959,000 over the budget request, and \$17,600,000 over the appropriations for fiscal year 2002. The basis for this recommendation is contained in the following “Items of special interest,” and under the discussions pertaining to each individual appropriation. Complete project detail is provided in the tables at the end of the report.

ACCRUAL FUNDING OF RETIREMENT COSTS AND POST-RETIREMENT HEALTH BENEFITS

The President’s Budget included a legislative proposal under the jurisdiction of the Senate Committee on Governmental Affairs to charge to individual agencies, starting in fiscal year 2003, the fully accrued costs related to retirement benefits of Civil Service Retirement System employees and retiree health benefits for all civilian employees. The Budget also requested an additional dollar amount in each affected discretionary account to cover these accrued costs.

The authorizing committee has not acted on this legislation, therefore the Senate Appropriations Committee has reduced the dollar amounts of the President’s request shown in the “Comparative Statement of New Budget Authority Request and Amounts

Recommended in the Bill”, as well as in other tables in this report, to exclude the accrual funding proposal.

The Committee further notes that administration proposals requiring legislative action by the authorizing committees of Congress are customarily submitted in the budget as separate schedules apart from the regular appropriations requests. Should such a proposal be enacted, a budget amendment formally modifying the President’s appropriation request for discretionary funding is subsequently transmitted to the Congress.

The Senate Appropriations Committee joins with the House Appropriations Committee in raising concern that this practice, which has always worked effectively for both Congress and past administrations, was not followed for the accrual funding proposal. In this case, the Office of Management and Budget (OMB) decided to include accrual amounts in the original discretionary appropriations language request. These amounts are based on legislation that has yet to be considered and approved by the appropriate committees of Congress. This led to numerous misunderstandings both inside and outside of Congress of what was the “true” President’s budget request. The Committee believes that, in the future, OMB should follow long-established procedures with respect to discretionary spending proposals that require legislative action.

ITEMS OF SPECIAL INTEREST

HEARINGS

The Subcommittee on Military Construction held hearings on the fiscal year 2003 budget request during March 2002. The subcommittee heard testimony from representatives of the military services and defense agencies concerning fiscal year 2003 budget priorities and base realignment and closure issues.

SUMMARY OF COMMITTEE RECOMMENDATIONS

The budget request for fiscal year 2003 reflects a decrease of \$940,359,000 from the amount enacted in fiscal year 2002.

The Committee recommends an additional \$957,959,000 above the fiscal year 2003 budget request. The total recommended appropriation for fiscal year 2003 is \$10,622,000,000, an increase of \$17,600,000 from fiscal year 2002 funding.

The Committee recommendation includes a total of \$712,049,000 transferred to military construction accounts from the Defense Emergency Response Fund (DERF), which was included as part of the budget submission for the Department of Defense Appropriations bill. The President's request for DERF military construction projects totals \$716,849,000. This includes \$594,384,000 that was submitted as part of the original request, and an additional \$122,465,000 in DERF military construction requirements that were identified by the Army subsequent to the submission of the budget. On the recommendation of the Department of Defense, the Committee included the entire \$716,849,000 as part of the President's budget request. The Committee concurs with the recommendation of the Department that the military construction projects in the DERF should be transferred to the Military Construction Appropriations bill, and believes that the entire \$716,849,000 should be treated as part of the President's budget request.

The Committee is disappointed in the overall levels of the fiscal year 2003 budget request for military construction. After a promising spike in the request for military construction funding in fiscal year 2002, the fiscal year 2003 budget request represents a sharp decline in funding for all accounts with the exception of housing accounts. Particularly hard hit are the Guard and Reserve accounts. The Committee agrees with the Department that infrastructure is a key component of readiness and remains concerned about the condition and adequacy of facilities and infrastructure at U.S. military installations in the United States and overseas. The Committee believes that the fiscal year 2003 budget request did not adequately address infrastructure requirements, and adjusted its recommendation accordingly.

TRANSFORMATION INITIATIVE

Recognizing the increased requirements that have been placed on America's military forces as a result of the global war on terror, the Committee is recommending the establishment of a transformation funding initiative to accelerate the transformation and modernization programs of the Army and Air Force. The initiative provides \$100,000,000 to the Army for infrastructure requirements related to the establishment of Interim Brigade Combat Teams (IBCT) and \$100,000,000 to the Air Force for infrastructure requirements related to the C-17 Air Mobility Modernization Program.

Senior Army officials testified during the Department of Defense appropriations subcommittee hearings in March that the military construction funding currently identified for transformation was not sufficient to meet the Army's time line for the IBCTs to be trained and operational. Air Force officials have likewise identified a potentially serious shortfall in airlift capability.

The war on terror has placed urgent new demands on all elements of the military. Timetables for Army and Air Force transformation developed prior to September 11 are no longer sufficient. The Committee believes that it is imperative to accelerate the Army and Air Force transformation programs, and has therefore provided this funding to meet the infrastructure requirements associated with transformation. The funds are appropriated specifically to support the infrastructure requirements of the Army's IBCTs and the Air Force's Air Mobility modernization program, including the beddown of C-17, C-5, and C-130 aircraft. It is the intent of the Committee that the Army and the Air Force have the discretion to determine how these funds will be allocated in support of transformation, subject to notification of the congressional defense committees 15 days prior to the obligation of funds.

CONFORMANCE WITH AUTHORIZATION BILL

The Committee strongly supports the authorization-appropriation process. However, the Committee has reported the appropriation bill prior to completion of the authorization process. Therefore, the Committee has provided construction funds for specific projects which were included in the Senate-reported version of the National Defense Authorization Act for fiscal year 2003 and projects subject to authorization.

REPROGRAMMING RULES/CRITERIA

The following rules apply for all military construction and family housing reprogrammings. A project or account (including the subelements of an account) which has been specifically reduced by the Congress in acting on the appropriation request is considered to be a congressional interest item. A prior approval reprogramming is required for any increase to an item that has been specifically reduced by the Congress. Accordingly, no below threshold reprogrammings to an item specifically reduced by the Congress are permitted.

The reprogramming criteria that apply to military construction projects (25 percent of the funded amount or \$2,000,000 whichever is less) continue to apply to new housing construction projects and

to improvements over \$2,000,000. To provide the individual Services the flexibility to proceed with construction contracts without disruption or delay, the costs associated with environmental hazard remediation such as asbestos removal, radon abatement, lead-based paint removal or abatement, and any other legislated environmental hazard remediation may be excluded, provided that such remediation requirements could not be reasonably anticipated at the time of budget submission. This exclusion applies to projects authorized in the budget year, and also projects authorized in prior years for which construction contracts have not been completed.

Furthermore, in instances where a prior approval reprogramming request for a project or account has been approved by the Committee, the amount approved becomes the new base for any future increase or decrease via below threshold reprogrammings (provided that the project or account is not a congressional interest item).

TRANSFER AUTHORITY

The budget request proposed a general provision which would allow the transfer of up to \$70,000,000 between any accounts in the bill, and this could be accomplished at the determination of the Secretary of Defense and upon the approval of OMB. Congress would be given an “after the fact” notification. The Committee continues to believe that the existing reprogramming procedures are sufficient in solving urgent, high priority funding problems within available resources and denies this request.

BASE REALIGNMENT AND CLOSURE

The Committee has included \$645,138,000 for the “Base realignment and closure” account, an increase of \$100,000,000 over the budget request. The additional funding is provided to undertake a BRAC Environmental Cleanup Acceleration Initiative to address the backlog of urgent environmental remediation requirements at bases that have been closed or realigned.

BARRACKS CONSTRUCTION

The fiscal year 2003 budget request includes \$1,157,990,000 to construct or modernize 46 barracks projects.

The Committee recommends \$1,150,690,000 for barracks construction projects in fiscal year 2003, a decrease of \$7,300,000 from the budget request.

BARRACKS CONSTRUCTION PROJECTS

Location/Project	Request	Recommended
Army:

BARRACKS CONSTRUCTION PROJECTS—Continued

Location/Project	Request	Recommended
Subtotal, Reserve Components	6,730,000	15,730,000

REAL PROPERTY MAINTENANCE REPORTING REQUIREMENT

The Committee recommends a continuation of the following general rules for repairing a facility under Operations and Maintenance account funding:

Components of the facility may be repaired by replacement, and such replacement can be up to current standards or code.

Interior arrangements and restorations may be included as repair, but additions, new facilities, and functional conversions must be performed as military construction projects.

Such projects may be done concurrent with repair projects, as long as the final conjunctively funded project is a complete and usable facility.

The appropriate Service Secretary shall submit a 21-day notification prior to carrying out any repair project with an estimated cost in excess of \$7,500,000.

The Department is directed to continue to provide the real property maintenance backlog at all installations for which there is a requested construction project in future budget requests. This information is to be provided on Form 1390. In addition, for all troop housing requests, the Form 1391 is to continue to show all real property maintenance conducted in the past 2 years and all future requirements for unaccompanied housing at that installation.

CHILD DEVELOPMENT CENTERS

The fiscal year 2003 budget request includes \$10,700,000 for two child development center projects. The Committee recommends \$25,730,000 for a total of four projects.

The following child development center projects are provided for fiscal year 2003:

Location	Request	Recommended
Army:		
Kentucky: Ft. Knox		\$6,800,000
Germany: Bamberg	\$7,000,000	7,000,000
Italy: Vicenza	3,700,000	3,700,000
Navy/Marine Corps: California: Camp Pendleton		8,230,000
Total	10,700,000	25,730,000

FOREIGN CURRENCY SAVINGS

The following table reflects foreign currency savings identified by the Department of Defense. The Committee recommends reductions to the specific appropriations identified in the table in those amounts, for a total of \$44,627,000.

<i>Account</i>	<i>Amount</i>
Military Construction:	
Army	—\$13,676,000
Navy	—1,340,000
Air Force	—10,281,000

<i>Account</i>	<i>Amount</i>
Defense-wide	-2,976,000
Family Housing, Army	-4,920,000
Family Housing, Navy	-2,652,000
Family Housing, Air Force	-8,782,000
Total	-44,627,000

MILITARY CONSTRUCTION, ARMY

Appropriations, 2002	\$1,762,556,000
Budget estimate, 2003	1,672,903,000
Committee recommendation (including rescission)	1,665,536,000

The Committee recommends \$1,665,536,000 for the Army for fiscal year 2003. This is a decrease of \$7,367,000 from the budget request for fiscal year 2003. This also reflects the realignment of the Chemical Demilitarization Program responsibility from the Army. (See State tables at the end of the report for complete program recommendations.)

The Committee fully expects contracts for the following projects to be awarded, as early in fiscal year 2003 as practical:

Training & UAV Maintenance Support Facility, Donnelly Training Area, AK.—Of the funds provided for planning and design within the “Army” account, the Committee directs that not less than \$1,500,000 be made available for the design of this facility.

Weapons of Mass Destruction (WMD) First Responder Training Facility, Fort Leonard Wood, MO.—Of the funds provided for planning and design within the “Army” account, the Committee directs that \$500,000 be made available for the design of this facility. Additionally, the Committee agrees that this project addresses an urgent, mission critical, and homeland security requirement and strongly encourages the Army to advance this project into the fiscal year 2004 budget request.

Storage Igloo Upgrade, Letterkenny Depot, PA.—Of the funds provided for planning and design within the “Army” account, the Committee directs that \$390,000 be made available for the design of this facility.

Vehicle Maintenance Facility, Camp Bullis, TX.—Of the funds provided for planning and design within the “Army” account, the Committee directs that not less than \$900,000 be made available for the design of this facility.

Military Police Emergency Vehicle Storage Facility, Fort Wainwright, AK.—Of the funds provided for unspecified minor construction within the “Army” account, the Committee directs that not less than \$1,500,000 be made available for the construction of this facility.

Military Police Emergency Vehicle Storage Facility, Fort Richardson, AK.—Of the funds provided for unspecified minor construction within the “Army” account, the Committee directs that not less than \$1,500,000 be made available for the construction of this facility.

Kinetic Energy Missile Complex, White Sands Missile Range, NM.—Of the funds provided for unspecified minor construction within the “Army” account, the Committee directs that \$1,500,000 be made available for the construction of this facility.

Training Facility, Corpus Christi Army Depot, TX.—Of the funds provided for unspecified minor construction within the “Army” account, the Committee directs that \$925,000 be made available for the construction of this facility.

MILITARY CONSTRUCTION, NAVY

Appropriations, 2002	\$1,126,633,000
Budget estimate, 2003	1,105,391,000
Committee recommendation (including rescission)	1,215,303,000

The Committee recommends \$1,215,303,000 for Navy and Marine Corps military construction for fiscal year 2003. This amount is an increase of \$109,912,000 from the fiscal year 2003 budget request. (See State tables at the end of the report for complete program recommendations.)

The Committee fully expects contracts for the following projects to be awarded, as early in fiscal year 2003 as practical:

Base Main Entrance & Gate, Naval Air Station, North Island, CA.—Of the funds provided for planning and design within the “Navy” account, the Committee directs that not less than \$410,000 be made available for the design of this project.

Replace Fuel Farm, NAS Kingsville, TX.—Of the funds provided for planning and design within the “Navy” account, the Committee directs that not less than \$1,000,000 be made available for the design of this project.

Force Protection Facility, Naval Air Station Corpus Christi, TX.—Of the funds provided for unspecified minor construction within the “Navy” account, the Committee directs that \$1,450,000 be made available for the construction of this facility.

UAV Facility, Fallon Naval Air Station, NV.—Of the funds provided for unspecified minor construction within the “Navy” account, the Committee directs that \$1,475,000 be made available for the construction of this facility.

Aircraft Prototype Facility, Patuxent River, MD.—The Committee provided \$1,450,000 within the “Navy” account for the planning and design of this facility in fiscal year 2002. Due to recent base consolidations, Patuxent Naval Air Station is the only installation capable of conducting air combat survivability enhancement programs that are critical to national security. The Committee supports the construction of this facility and strongly urges the Navy to complete the planning and design as expeditiously as possible, and to fund the construction of this project in the President’s fiscal year 2004 budget.

Turner Field House, U.S. Naval Academy, MD.—The Committee recognizes that physical fitness is a key component of the comprehensive training programs at military academies. Last year, the Committee provided \$2,700,000 for planning and design within the “Navy” account for the Turner Field House to address a critical shortage of indoor physical education space at the U.S. Naval Academy. The Committee urges the Navy to complete the planning and design of this facility as quickly as possible, and to advance the project into the President’s fiscal year 2004 budget.

MILITARY CONSTRUCTION, AIR FORCE

Appropriations, 2002	\$1,237,580,000
Budget estimate, 2003	834,687,000
Committee recommendation (including rescission)	1,165,336,000

The Committee recommends \$1,165,336,000 for the Air Force in fiscal year 2003. This is an increase of \$330,649,000 from the fiscal year 2003 budget request. (See State tables at the end of the report for complete program recommendations.)

The Committee fully expects contracts for the following projects to be awarded, as early in fiscal year 2003 as practical:

Wide-Body Aircraft Hangar, Elmendorf AFB, AK.—Of the funds provided for planning and design within the “Air Force” account, the Committee directs that not less than \$2,700,000 be made available for the design of this facility.

Replace C-5 Squadron Operations Facility/Aircraft Maintenance Unit, Travis AFB, CA.—Of the funds provided for planning and design within the “Air Force” account, the Committee directs that not less than \$864,000 be made available for the design of this facility. The Committee notes that this critical project was within the scope of the Air Force’s fiscal year 2002 Future Years Defense Plan, and urges the Air Force to advance the project into the President’s fiscal year 2004 budget so that it can be undertaken without further delay.

Control Tower, Dover Air Force Base, DE.—Of the funds provided for planning and design within the “Air Force” account, the Committee directs that not less than \$675,000 be made available for the design of this facility.

B-1B Centralized Intermediate Repair Facility, McConnell AFB, KS.—The Committee notes the additional capacity the 184th Air Refueling Wing at McConnell Air Force Base may need as it prepares to take on more B-1B engine repair workload consistent with the agreement reached last year between the State of Kansas and the Air Force concerning the B-1B consolidation and reduction initiative. B-1B propulsion work is currently performed in four separate buildings, resulting in the loss of over 10,000 man hours and lost production of 33 engines per year. Accordingly, the Committee urges the Air National Guard and the Air Force to include the B-1B Centralized Intermediate Repair Facility (CIRF) in the fiscal year 2004 Military Construction Budget Request.

Fire/Crash Rescue Station/Control Tower, Otis ANG, MA.—Of the funds provided for planning and design within the “Air National Guard” account, the Committee directs that \$1,700,000 be made available for the design of this facility.

Tri-Service Research Facility, Brooks AFB, TX.—Of the funds provided for planning and design within the “Air Force” account, the Committee directs that \$1,000,000 be made available for the design of this facility.

Railroad Crossing Gates, Laughlin AFB, TX.—Of the funds provided for unspecified minor construction within the “Air Force” account, the Committee directs that not less than \$220,000 be made available for the construction of this project.

Replace & Bury Electrical Infrastructure, Lackland AFB, TX.—Of the funds provided for unspecified minor construction within the

“Air Force” account, the Committee directs that \$900,000 be made available for the construction of this project.

MILITARY CONSTRUCTION, DEFENSE-WIDE

Appropriations, 2002	\$806,278,000
Budget estimate, 2003	771,835,000
Committee recommendation (including rescissions)	924,266,000

The Committee recommends \$924,266,000 for projects considered within the “Defense-wide” account. The amount recommended is an increase of \$152,431,000 from the fiscal year 2003 budget request. This increase reflects the realignment of the Chemical Demilitarization Program responsibility to this appropriation. (See State tables at the end of the report for complete program recommendations.)

CHEMICAL DEMILITARIZATION

The budget request identified a requirement of \$167,631,000 for the construction of chemical weapons demilitarization facilities in fiscal year 2003. The Committee recommends a total of \$159,250,000 for this program. The Committee is aware of ongoing efforts by the Department of Defense to accelerate the destruction of chemical agents and weapons in order to enhance the safety of the American public and comply with the requirements of the Chemical Weapons Convention. The Committee encourages the Defense Department to continue to explore innovative and cost-saving procedures to accelerate the process of destroying these weapons and agents while maintaining stringent public and environmental safety standards.

In the aftermath of September 11, the protection of chemical weapons stockpiles has required the call up of approximately 1,000 National Guard troops to protect chemical weapons facilities in the United States. In addition to putting a strain on National Guard resources, the call up of these forces underscores the potential vulnerability of these sites to terrorist attack. It will be to the benefit of the Nation to complete the chemical demilitarization program as quickly as possible, and ahead of schedule if at all possible.

The Committee is particularly supportive of the Department’s initiative to speed up the neutralization of stockpiled chemical agents at Aberdeen, Maryland, and Newport, Indiana. If executed as planned, the neutralization initiative could be completed at Aberdeen in September 2003, a full 43 months ahead of schedule and at a cost avoidance of \$216,000,000. At Newport, the neutralization initiative could be completed as early as March 2004, 57 months ahead of schedule at an estimated cost avoidance of \$530,000,000. The Department is currently awaiting guidance, dependent on the availability of supplemental funding, as to whether it will be able to proceed this summer with the neutralization initiative at Aberdeen and Newport. If the neutralization program goes forward, the Department may not require the completion of the chemical agent destruction facilities currently under construction at Aberdeen and Newport, and therefore would not require the same allocation of military construction funds as requested in the fiscal year 2003 budget. For this reason, the Committee is recommending a non-

prejudicial 5 percent across-the-board reduction in funding for the fiscal year 2003 chemical demilitarization program, with the intention of reevaluating program requirements during conference with the House.

Substantial investment has already been made in facilities at Newport and Aberdeen. If these structures are not needed for chemical demilitarization, the Committee expects the Department to maintain them until they can be converted to usable facilities. To this end, the Committee directs the Department to provide a report to the congressional defense committees no later than January 30, 2003, on alternative uses for the Aberdeen and Newport facilities if they are no longer required for chemical demilitarization.

State/installation/project	Request	Recommended
Arkansas: Pine Bluff Arsenal, Ammunition Demolition Shop	\$18,937,000	\$17,990,000
Colorado: Pueblo Depot Ammunition Demilitarization Facility Ph 4	38,000,000	36,100,000
Indiana: Newport Army Ammunition Plant, Ammunition Demilitarization Facility Ph 5	61,494,000	58,420,000
Kentucky:		
Blue Grass Army Depot, Ammunition Demilitarization Facility Ph 3	10,300,000	9,785,000
Blue Grass Army Depot, Ammunition Demilitarization Support Ph 3	8,300,000	7,885,000
Maryland: Aberdeen Proving Ground Ammunition Demilitarization Facility Ph 5	30,600,000	29,070,000
Total	167,631,000	159,250,000

The budget request proposes that these amounts should be appropriated under the “Military Construction, Army” account. As in prior years, the Committee recommends that these amounts be appropriated under the “Military Construction, Defense-wide” account, in order to facilitate the tracking of expenses for the Chemical Demilitarization Program, and to avoid distorting the size of the Army’s military construction program.

The Committee believes that the focus on this program must remain at the Office of the Secretary of the Defense rather than at the service level and directs the Department to submit the fiscal year 2004 budget accordingly.

The following chart displays the scope of the military construction investment in the overall chemical demilitarization program:

CHEMICAL DEMILITARIZATION PROGRAM MILITARY CONSTRUCTION COSTS

[In millions of dollars]

	2001 and prior	Fiscal year—						Total
		2002	2003	2004	2005	2006	2007	
Tooele	198.0	198.0
Anniston	189.0	189.0

¹ MAPS (NSCMP) Munitions Assessment and Processing System (Non-Stockpile Chemical Material Program).

MEDICAL CONSTRUCTION PROGRAM

The fiscal year 2003 budget request includes \$164,741,000 for four major construction projects plus planning and design, unspecified minor construction, and contractor claims to provide hospital and medical facilities. The Committee recommends a total of \$169,741,000, which fully funds the budget request and provides additional planning and design funding.

Location/project title	Request	Recommended
Alaska: Ft. Wainwright, Hospital Replacement (Phase IV)	\$53,000,000	\$53,000,000
Hawaii: Hickam AFB, Life Skills Clinic Replacement	2,700,000	2,700,000
Germany: Spangdahlem, Hospital Replacement	39,629,000	39,629,000
Italy: Naples Medical/Dental Facility Replacement	41,449,000	41,449,000
Total	136,778,000	136,778,000

Biomedical Center, Tripler Army Hospital, Honolulu, HI.—Of the funds provided for planning and design within the “Defense-wide Tricare Management Activity” account, the Committee directs that not less than \$2,000,000 be made available for the design of this facility.

Health Clinic, Grafenwoehr, Germany.—Of the funds provided for planning and design within the “Defense-wide, Tricare Management Activity” account, the Committee directs that \$1,000,000 be made available for planning and design to expand and alter the existing facility at Grafenwoehr to accommodate the Army’s Efficient Basing East initiative.

INTELLIGENCE UPGRADES

The Committee is aware that the Department of Defense, Office of the Assistant Secretary of Defense for Command, Control, Communications and Intelligence, is conducting an ongoing assessment of U.S. intelligence gathering capabilities and requirements. The events of September 11 have placed added emphasis on the urgency and importance of this assessment. Preliminary study results have identified a serious shortfall in the future data archiving capability associated with U.S. Measurement and Signature Intelligence. The study indicates that a distributed data archiving capability is needed to address this shortfall. Such capability would provide data backup protection and allow for improved cross-disciplinary and trend analysis. This capability would complement and enhance the missions of existing Measurement and Signature Intelligence centers in the United States by providing enhanced archiving and networking capability. Preliminary results of the as-

assessment indicate that a backup data archiving facility as well as equipment and infrastructure upgrades at existing centers could address the anticipated shortfall in capability. The study is scheduled to be completed on August 15, 2002. Because of the new demands placed on the Nation's intelligence gathering resources as a result of the events of September 11, the Committee believes that the Department of Defense should have the resources available to move forward immediately with planning and design for needed upgrades if the final conclusions of the assessment bear out the preliminary findings. To avoid unnecessary delay pending completion of the study, the Committee has reserved \$2,000,000 within the "Defense-wide planning and design, undistributed" account to be available immediately for planning and design if the study determines that such intelligence upgrades are needed.

CONTINGENCY CONSTRUCTION

The Committee has provided \$10,000,000 for the Secretary of Defense "Contingency construction" account in accordance with the budget request. This account provides funds which may be used by the Secretary of Defense for unforeseen facility requirements. The Committee believes that the funding provided in the account is adequate to meet the needs of the Department.

ENERGY CONSERVATION INVESTMENT PROGRAM

The Committee recommends the full budget request of \$49,531,000 for the Energy Conservation Investment Program (ECIP).

MILITARY CONSTRUCTION, RESERVE COMPONENTS

Appropriations, 2002	\$953,103,000
Budget estimate, 2003	319,427,000
Committee recommendation	609,837,000

The Committee recommends \$609,837,000 for military construction projects for the Guard and Reserve components. This amount is \$290,410,000 above the fiscal year 2003 budget request. This increase reflects the Committee's continued strong support for the Guard and Reserve.

The Committee's recommended action on each Reserve component project is reflected in the State list at the end of this report.

The Committee recommends approval of military construction, Reserve component as outlined in the following table:

RESERVE COMPONENT

Component	Request	Recommended
Army National Guard	\$101,595,000	\$208,482,000
Air National Guard	62,406,000	217,988,000
Army Reserve	58,779,000	66,487,000
Naval Reserve	58,671,000	58,671,000
Air Force Reserve	37,976,000	58,209,000
Total	319,427,000	609,837,000

The Committee has added funding for specific Reserve component planning and design initiatives. The Committee recommendation also provides additional funding over the budget request for minor construction activities for the Reserve components.

The Committee fully expects contracts for the following projects to be awarded, as early in fiscal year 2003 as practical:

Readiness Center, Bethel, AK.—Of the funds provided for planning and design within the “Army National Guard” account, the Committee directs that \$500,000 be made available for the design of this facility.

Readiness Center, New Haven, CT.—Of the funds provided for planning and design within the “Army National Guard” account, the Committee directs that not less than \$1,400,000 be made available for the design of this facility.

Joint Readiness Center, Haleyville, AL.—Of the funds provided for planning and design within the “Army National Guard” account, the Committee directs that \$1,100,000 be made available for the design of this facility.

Relocation of Hawaii Army National Guard, Barbers Point Naval Air Station, HI.—Of the funds provided for planning and design within the “Army National Guard” account, the Committee directs that not less than \$2,000,000 be made available for the design of these facilities.

Readiness Center, Clarksdale, MS.—Of the funds provided for planning and design within the “Army National Guard” account, the Committee directs that \$300,000 be made available for the design of this facility.

Readiness Center, St. Peters, MO.—Of the funds provided for planning and design within the “Army National Guard” account, the Committee directs that \$500,000 be made available for the design of this facility.

AVCRAD, Aviation Classification Repair Activity Depot, Springfield, MO.—Of the funds provided for planning and design within the “Army National Guard” account, the Committee directs that \$1,200,000 be made available for the design of this facility.

MATES—Equipment Maintenance Site, Fort Drum, NY.—Of the funds provided for planning and design within the “Army National Guard” account, the Committee directs that \$1,527,000 be made available for the design of this facility.

Readiness Center, Henderson, NV.—Of the funds provided for planning and design within the “Army National Guard” account, the Committee directs that not less than \$850,000 be made available for the design of this facility.

Barracks, Chillicothe, OH.—Of the funds provided for minor construction within the “Army National Guard” account, the Committee directs that \$1,497,000 be made available for the construction of this facility.

Readiness Center STARC, Rapid City, SD.—Of the funds provided for planning and design within the “Army National Guard” account, the Committee directs that not less than \$1,200,000 be made available for the design of this facility.

Organizational Maintenance Shop Consolidation, Pierre, SD.—Of the funds provided for planning and design within the “Army Na-

tional Guard” account, the Committee directs that not less than \$300,000 be made available for the design of this facility.

Federal Scout Readiness Centers, Alakanuk, Quinhagak, & Kwigillingok, AK.—Of the funds provided for unspecified minor construction within the “Army National Guard” account, the Committee directs that \$1,500,000 be made available for the construction of these facilities.

Post Engineer Maintenance Facility, Ft. Harrison, MT.—Of the funds provided for unspecified minor construction within the “Army National Guard” account, the Committee directs that \$1,473,000 be made available for the construction of this facility.

Weapons of Mass Destruction/Civil Support Teams.—Of the funds provided for unspecified minor construction within the “Army National Guard” account, the Committee directs that not less than \$2,500,000 be made available for construction to support the completion of the WMD/CST facilities.

Armed Forces Reserve Center/Organizational Maintenance Shop, Bedford, Hanscom AFB, MA.—Of the funds provided for planning and design within the “Army Reserve” account, the Committee directs that \$2,568,000 be made available for the design of this facility.

Armed Forces Reserve Center, Eau Claire, WI.—Of the funds provided for planning and design within the “Army Reserve” account, the Committee directs that \$927,000 be made available for the design of this facility.

Replace Pararescue Training Complex, Kulis ANG Base, AK.—Of the funds provided for planning and design within the “Air National Guard” account, the Committee directs that not less than \$700,000 be made available for the design of this facility.

Munitions Complex, Gulfport, MS.—Of the funds provided for planning and design within the “Air National Guard” account, the Committee directs that \$700,000 be made available for the design of these facilities.

Security Complex, Reno, NV.—Of the funds provided for planning and design within the “Air National Guard” account, the Committee directs that \$900,000 be made available for the design of these facilities.

C-5 Support Facilities, Martinsburg Air National Guard Base, WV.—Of the funds provided for planning and design within the “Air National Guard” account, the Committee directs that not less than \$3,000,000 be made available for the design of these facilities.

Warehouse 912 Renovation, Lackland AFB, TX.—Of the funds provided for unspecified minor construction within the “Air Force Reserve” account, the Committee directs that not less than \$800,000 be made available for the renovation of this facility.

Multiple Threat Emitter System (MUTES) Facility, Smoky Hill Range, KS.—Of the funds provided for unspecified minor construction within the “Air National Guard” account, the Committee directs that \$1,000,000 be made available for the construction of this facility.

Bachelor Officer/Enlisted Quarters, Fort Meade, SD.—Of the funds provided for unspecified minor construction within the “Army National Guard” account, the Committee directs that \$1,500,000 be made available for the construction of these quarters.

Ammunition Supply Point, Camp Grafton, ND.—Of the funds provided for unspecified minor construction within the “Army National Guard” account, the Committee directs that \$1,499,000 be made available for the construction of this facility.

NORTH ATLANTIC TREATY ORGANIZATION SECURITY INVESTMENT PROGRAM

Appropriations, 2002	\$162,600,000
Budget estimate, 2003	168,200,000
Committee recommendation	168,200,000

The Committee has provided \$168,200,000 for the North Atlantic Treaty Organization [NATO] Security Investment Program for fiscal year 2003, fully funding the budget request.

The Committee continues the requirement that no funds will be used for projects (including planning and design) related to the enlargement of NATO and the Partnership for Peace program, unless Congress is notified 21 days in advance of the obligation of funds. In addition, the Committee’s intent is that section 122 of the General Provisions shall apply to this program.

The Department of Defense is directed to identify separately the level of effort anticipated for NATO enlargement and for Partnership for Peace for that fiscal year in future budget justifications.

NATO INFRASTRUCTURE

The Committee is concerned about the recent increase in the number and levels of headquarters associated with the North Atlantic Treaty Organization (NATO). The military command structure now consists of three levels of commands—strategic, regional and sub-regional. The Committee recently learned that NATO plans to spend over a half billion dollars to upgrade and modernize these military command headquarters. This places a tremendous financial burden on the NATO Security Investment Program (NSIP) as well as the U.S. military services which must provide supporting personnel and funding for associated barracks, family housing and quality of life facilities at each of these headquarters. These military construction projects compete directly with projects that support U.S. missions at home and overseas. Accordingly, the Committee recommends that proposed funding for three U.S. projects relating to the sub-regional NATO headquarters in Madrid, Spain and Larissa, Greece not be approved.

KOREA LAND PARTNERSHIP PLAN

The Committee supports the Department’s efforts to consolidate its presence in the Republic of Korea and align installations with future requirements. The Korea Land Partnership Plan (LPP) appears to offer a strategy to help reduce U.S. military infrastructure. However, the Committee continues to be concerned about several aspects of the plan, which commits both the Department of Defense and Government of South Korea to make major infrastructure investments over many years. For example, the plan calls for significantly increasing the number of accompanied tours in South Korea. Further, the Committee understands that there are land exchanges currently under consideration, which fall outside the LPP. The plan

also does not address potential force structure changes that might be envisioned over the next 10 years and their impact on overall infrastructure requirements.

The Committee requests that the General Accounting Office review the LPP to provide the Congress with a better understanding of the plan, associated costs, burden sharing implications and other related factors that may not be addressed in the plan. This report should be provided to the congressional defense committees not later than March 15, 2003.

FAMILY HOUSING OVERVIEW

The Committee has provided \$4,228,384,000 for family housing construction, operations and maintenance, and the Department's family housing improvement fund. This amount is \$18,076,000 below the fiscal year 2003 budget request and \$132,645,000 above the amount appropriated in fiscal year 2002.

FAMILY HOUSING, ARMY

Appropriations, 2002	\$1,402,315,000
Budget estimate, 2003	1,402,353,000
Committee recommendation (including rescission)	1,396,943,000

The Committee recommends a total of \$1,396,943,000 for family housing, Army, in fiscal year 2003. This is \$5,410,000 below the fiscal year 2003 budget request.

CONSTRUCTION

The Committee recommends \$27,452,000 for new construction, as shown below:

Location/project	Request	Recommended
Alaska: Fort Wainwright (38 units)	\$17,752,000	\$17,752,000
Arizona: Yuma Proving Ground (33 units)	6,100,000	6,100,000
Germany: Stuttgart (1 unit)	990,000	500,000
Korea, Yongsan (10 units)	3,100,000	3,100,000
Total	27,942,000	27,452,000

CONSTRUCTION IMPROVEMENTS

The following projects are to be accomplished within the amounts provided for construction improvements:

Location/project	Requested	Recommended
Hawaii: Schofield Barracks/Fort Shafter (8,178 units) Privatization	\$21,000,000	\$21,000,000
Louisiana: Fort Polk (3,648 units) Privatization	64,000,000	64,000,000
Missouri: Fort Leonard Wood (2,472 units) Privatization	45,000,000	45,000,000
New York: West Point (54 units)	10,800,000	10,800,000
Pennsylvania: Carlisle Barracks (36 units)	4,200,000	4,200,000
Virginia:		
Fort Belvoir (2,070 units) Privatization	8,700,000	8,700,000
Forts Eustis/Fort Story (1,115 units) Privatization	14,800,000	14,800,000
Germany:		
Darmstadt (48 units)	4,200,000	4,200,000
Heidelberg (75 units)	12,151,000	12,151,000
Mannheim (72 units)	10,400,000	10,400,000
Mannheim (60 units)	10,000,000	10,000,000
Schweinfurt (234 units)	7,600,000	7,600,000

Location/project	Requested	Recommended
Stuttgart (72 units)	9,900,000	9,900,000
Vilseck (36 units)	3,900,000	3,900,000
Wuerzburg (136 units)	11,200,000	11,200,000
Korea: Yongsan (8 units)	1,900,000	1,900,000
Total	239,751,000	239,751,000

FAMILY HOUSING, NAVY AND MARINE CORPS

Appropriations, 2002	\$1,241,875,000
Budget estimate, 2003	1,243,488,000
Committee recommendation (including rescission)	1,239,604,000

The Committee recommends \$1,239,604,000 for family housing, Navy and Marine Corps, in fiscal year 2003. This amount is \$3,884,000 below the fiscal year 2003 budget request.

CONSTRUCTION

The Committee recommends \$223,719,000 for new construction, as shown below:

Location/project	Requested	Recommended
California:		
Lemoore (178 units) Alvarez Village, Phase VII & VIII	\$40,981,000	\$40,981,000
Twentynine Palms (76 units)	19,425,000	19,425,000
Connecticut: New London (100 units) Polaris Park	24,415,000	24,415,000
Florida: Mayport Commanders Quarters (1 unit)	329,000	329,000
Hawaii: Kaneohe Bay (65 units)	24,797,000	24,797,000
Mississippi: Meridian (56 units) Juniper Ridge	9,755,000	9,755,000
North Carolina: Camp Lejeune (317 units)	43,650,000	43,650,000
Virginia: Quantico (290 units)	41,843,000	41,843,000
Greece: Larissa (2 units)	1,232,000
United Kingdom: St. Mawgan (62 units)	18,524,000	18,524,000
Total	224,951,000	223,719,000

CONSTRUCTION IMPROVEMENTS

The following projects are to be accomplished within the amounts provided for construction improvements:

Location/project	Requested	Recommended
Arizona: MCAS Yuma (121 units)	\$12,499,000	\$12,499,000
California:		
Monterey (193 units)	18,399,000	18,399,000
Ventura (215 units) Santa Rosa/Santa Cruz	19,605,000	19,605,000
Washington, DC:		
Bethesda (1 unit) Quarters B	4,000	4,000
Bethesda (1 unit) Quarters E	5,000	5,000
Naval Observatory (1 unit) Quarters F	38,000	38,000
Hawaii: Pearl Harbor (1,392 units) Privatization	33,382,000	33,382,000
Louisiana: New Orleans (1 unit) Quarters D	32,000	32,000
Maryland: Thurmont (1 unit) Cedar	109,000	109,000
Nevada: Fallon (1 unit) 150 May Ranch	96,000	96,000
South Carolina: Charleston (300 units)	22,900,000	22,900,000
Virginia:		
Hampton Roads (1 unit) Quarters F-33W	123,000	123,000
Hampton Roads (1 unit) Quarters G-8	52,000	52,000
Hampton Roads (1 unit) Quarters G-28	61,000	61,000
Guam: (102 units) New Apra, Phase II	16,208,000	16,208,000
Iceland: Keflavik (1 unit) Bldg. 627	689,000	689,000

Location/project	Requested	Recommended
Italy: Naples (1 unit) Villa Nike	28,000	28,000
Japan:		
Yokosuka (129 units) Townhouses, Phase III	12,184,000	12,184,000
MCAS Iwakuni (44 units)	1,527,000	1,527,000
MCAS Iwakuni (44 units)	1,527,000	1,527,000
Total	139,468,000	139,468,000

FAMILY HOUSING, AIR FORCE

Appropriations, 2002	\$1,395,418,000
Budget estimate, 2003	1,550,744,000
Committee recommendation (including rescission)	1,541,962,000

The Committee recommends \$1,541,962,000 for family housing, Air Force, in fiscal year 2003, which is \$8,782,000 below the budget request.

CONSTRUCTION

The Committee recommends \$416,438,000 for new construction, as requested, as shown below:

Location/project	Requested	Recommended
Arizona: Luke AFB (140 units)	\$18,954,000	\$18,954,000
California: Travis AFB (110 units)	24,320,000	24,320,000
Colorado:		
USAF Academy (71 units)	12,424,000	12,424,000
Peterson AFB (2 units)	959,000	959,000
Delaware: Dover AFB (112 units)	19,615,000	19,615,000
Florida:		
Eglin AFB (134 units)	15,906,000	15,906,000
Eglin AFB Housing office	597,000	597,000
MacDill AFB (96 units)	18,086,000	18,086,000
Hawaii: Hickam AFB (96 units)	29,050,000	29,050,000
Idaho: Mountain Home AFB (95 units)	24,392,000	24,392,000
Kansas: McConnell AFB Housing Maintenance	1,514,000	1,514,000
Maryland:		
Andrews AFB (53 units)	9,838,000	9,838,000
Andrews AFB (52 units)	8,807,000	8,807,000
Missouri: Whiteman AFB (22 units)	3,977,000	3,977,000
Mississippi:		
Columbus AFB Housing office	412,000	412,000

Total	226,068,000	226,068,000

¹ No cost to the government privatization.

Family Housing, Dyess AFB, TX.—The Committee urges the Air Force to evaluate family housing privatization as an option to improve the overall quality of family housing at Dyess AFB. In accordance with the Air Force fiscal year 2003 budget request, the

Committee recommends \$14,824,000 of traditional military construction funding to replace 85 units of base housing. Privatization could potentially leverage this initial investment to not only replace these units but could also modernize additional family housing units on the base.

FAMILY HOUSING, DEFENSE-WIDE

Appropriations, 2002	\$44,012,000
Budget estimate, 2003	47,875,000
Committee recommendation	47,875,000

The Committee recommends \$47,875,000 for family housing, Defense-wide, in fiscal year 2003. This amount is equal to the budget request. Specific details are included in the tables at the end of the report.

FAMILY HOUSING IMPROVEMENT FUND

Appropriations, 2002	\$2,000,000
Budget estimate, 2003	2,000,000
Committee recommendation	2,000,000

The Committee recommends \$2,000,000 for the Family Housing Improvement Fund. This amount is equal to the budget request.

BASE REALIGNMENT AND CLOSURE

OVERVIEW

The Congress has appropriated, to date, a net total of \$22,026,046,000 for the Base Realignment and Closure program for fiscal years 1990 through 2002. In the bill for fiscal year 2003, the Committee is recommending total funding of \$645,138,000 under one account.

The Committee, in appropriating such funds, has provided the Department with the flexibility to allocate funds by Service, by function and by base. The Committee, in recognizing the complexities of realigning and closing bases and providing for environmental restoration, has provided such flexibility to allow the Office of the Secretary of Defense to monitor the program execution of the Services and to redistribute unobligated balances as appropriate to avoid delays and to effect timely execution of realignment and closures along with environmental restoration.

The following table displays the total amount appropriated for each round of base closure including amounts recommended for fiscal year 2003:

BASE REALIGNMENT AND CLOSURE

[Total funding, fiscal year 1990 through fiscal year 2003]

	Fiscal year 1990 through fiscal year 2001	Fiscal year 2002 enacted	Fiscal year 2003 Committee rec- ommended	Total
Part I	\$2,684,577,000	(¹)	(¹)	\$2,684,577,000
Part II	4,915,636,000	(¹)	(¹)	4,915,636,000
Part III	7,269,267,000	(¹)	(¹)	7,269,267,000
Part IV	6,523,853,000	\$632,713,000	\$645,138,000	7,801,704,000

BASE REALIGNMENT AND CLOSURE—Continued
[Total funding, fiscal year 1990 through fiscal year 2003]

	Fiscal year 1990 through fiscal year 2001	Fiscal year 2002 enacted	Fiscal year 2003 Committee rec- ommended	Total
Total	21,393,333,000	632,713,000	645,138,000	22,671,184,000

¹ Not Applicable

Since the start of the current process for Base Realignment and Closure, Military Construction Appropriations Acts have appropriated a net total of \$22,026,046,000 for the entire program for fiscal years 1990 through 2002. The total amount appropriated combined with the Committee recommendation for fiscal year 2003 Base Realignment and Closure is \$22,671,184,000.

BASE REALIGNMENT AND CLOSURE ACCOUNT, PART IV

Appropriations, 2002	\$632,713,000
Budget estimate, 2003	545,138,000
Committee recommendation	645,138,000

The Committee recommends \$645,138,000 for the base realignment and closure account, part IV. This is an increase of \$100,000,000 over the amount requested for fiscal year 2003, and \$12,425,000 over the amount appropriated in fiscal year 2002.

ENVIRONMENTAL CLEANUP ACCELERATION INITIATIVE

The Committee recommendation includes \$100,000,000 for a BRAC Environmental Cleanup Acceleration Initiative. This initiative is intended to address the backlog of critical environmental cleanup requirements at military installations throughout the Nation that have been closed or realigned over the past 12 years. Until environmental cleanup at these installations is completed, the properties cannot be returned to productive use in the communities. To date, the Department of Defense (DOD) has transferred less than half of the property at closed or realigned bases, primarily as a result of delays due to environmental cleanup-related issues.

According to an April 2002 General Accounting Office report, “Environmental cleanup has been a long-standing concern in the BRAC program—one that has been not only costly and challenging for DOD but also frustrating for intended users of the property. While DOD has already spent an estimated \$7,000,000,000 through fiscal year 2001 on BRAC environmental-related actions, DOD expects to spend an additional \$3,500,000,000 beyond 2001 to complete its cleanup work.”

The Committee remains extremely concerned about the pace of environmental cleanup at closed or realigned bases, and urges the Department of Defense to provide additional resources in future budget requests to address this urgent requirement. The Army, Navy and Air Force have identified a total of \$237,168,000 in unfunded BRAC environmental cleanup requirements that could be executed in fiscal year 2003 if additional funding were made available. The total includes \$44,868,000 for the Army, \$133,100,000 for the Navy and \$59,200,000 for the Air Force.

Under the BRAC Environmental Cleanup Acceleration Initiative, the Committee directs that an additional \$20,000,000 be made available for the Army, \$55,000,000 for the Navy, and \$25,000,000 for the Air Force for environmental cleanup. These funds are to be allocated at the discretion of the Services to meet the most pressing unfunded environmental cleanup requirements at closed or realigned bases.

GENERAL PROVISIONS

The following lists general provisions proposed by the Committee. The Committee recommends inclusion of several proposals which have been incorporated in previous appropriations acts, provisions requested by the Defense Department, and new provisions. The Committee recommendations are as follows:

SEC. 101. Restricts payments under a cost-plus-a-fixed-fee contract for work, except in cases of contracts for environmental restoration at base closure sites.

SEC. 102. Permits use of funds for hire of passenger motor vehicles.

SEC. 103. Permits use of funds for defense access roads.

SEC. 104. Prohibits construction of new bases inside the continental United States for which specific appropriations have not been made.

SEC. 105. Limits the use of funds for purchase of land or land easements.

SEC. 106. Prohibits the use of funds to acquire land, prepare a site, or install utilities for any family housing except housing for which funds have been made available.

SEC. 107. Limits the use of minor construction funds to transfer or relocate activities among installations.

SEC. 108. Prohibits the procurement of steel unless American producers, fabricators, and manufacturers have been allowed to compete.

SEC. 109. Prohibits payments of real property taxes in foreign nations.

SEC. 110. Prohibits construction of new bases overseas without prior notification.

SEC. 111. Establishes a threshold for American preference of \$500,000 relating to architect and engineering services.

SEC. 112. Establishes preference for American contractors for military construction in the United States territories and possessions in the Pacific, and on Kwajalein Atoll, or in the Arabian Sea.

SEC. 113. Requires notification of military exercises involving construction in excess of \$100,000.

SEC. 114. Limits obligations during the last 2 months of the year.

SEC. 115. Permits funds appropriated in prior years to be available for construction authorized during the current session of Congress.

SEC. 116. Permits the use of expired or lapsed funds to pay the cost of supervision for any project being completed with lapsed funds.

SEC. 117. Permits obligation of funds from more than 1 fiscal year to execute a construction project, provided that the total obligation for such project is consistent with the total amount appropriated for the project.

SEC. 118. Allows expired funds to be transferred to the “Foreign currency fluctuations, construction, defense” account.

SEC. 119. Directs the Department to report annually on actions taken to encourage other nations to assume a greater share of the common defense budget.

SEC. 120. Allows transfer of proceeds from earlier base realignment and closure accounts to the continuing base realignment and closure accounts.

SEC. 121. Permits the transfer of funds from Family Housing Construction accounts to the DOD Family Housing Improvement Fund.

SEC. 122. Restricts the use of funds for the Partnership for Peace Program.

SEC. 123. Requires the Secretary of Defense to notify the congressional defense committees of all family housing privatization solicitations and agreements which contain any clause providing consideration for base realignment and closure, force reductions and extended deployments.

SEC. 124. Provides transfer authority to the Homeowners Assistance Program.

SEC. 125. Requires that all Military Construction Appropriations Acts be the sole funding source of all operation and maintenance for family housing, including flag and general officer quarters, and limits the repair on flag and general officer quarters to \$35,000 per year without prior notification to the defense committees.

SEC. 126. Directs the Department of Defense to accurately reflect the costs of environmental remediation activities in its budget submissions for the Base Realignment and Closure (BRAC) account.

COMPLIANCE WITH PARAGRAPH 7, RULE XVI, OF THE STANDING RULES OF THE SENATE

Paragraph 7 of rule XVI requires that Committee reports on general appropriations bills identify each Committee amendment to the House bill “which proposes an item of appropriation which is not made to carry out the provisions of an existing law, a treaty stipulation, or an act or resolution previously passed by the Senate during that session.”

The Committee bill as recommended contains no such provisions.

COMPLIANCE WITH PARAGRAPH 7(C), RULE XXVI OF THE STANDING RULES OF THE SENATE

Pursuant to paragraph 7(c) of rule XXVI, on June 27, 2002, the Committee ordered reported S. 2708, an original Interior and Related Agencies Appropriations bill, 2003, and S. 2709, an original Military Construction Appropriations bill, 2003, both subject to amendment and both subject to their budget allocations, by a recorded vote of 29–0, a quorum being present. The vote was as follows:

Yeas	Nays
Chairman Byrd	
Mr. Inouye	
Mr. Hollings	
Mr. Leahy	

Mr. Harkin
 Ms. Mikulski
 Mr. Reid
 Mr. Kohl
 Mrs. Murray
 Mr. Dorgan
 Mrs. Feinstein
 Mr. Durbin
 Mr. Johnson
 Mrs. Landrieu
 Mr. Reed
 Mr. Stevens
 Mr. Cochran
 Mr. Specter
 Mr. Domenici
 Mr. Bond
 Mr. McConnell
 Mr. Burns
 Mr. Shelby
 Mr. Gregg
 Mr. Bennett
 Mr. Campbell
 Mr. Craig
 Mrs. Hutchison
 Mr. DeWine

COMPLIANCE WITH PARAGRAPH 12, RULE XXVI OF THE STANDING RULES OF THE SENATE

Paragraph 12 of rule XXVI requires that Committee reports on a bill or joint resolution repealing or amending any statute or part of any statute include “(a) the text of the statute or part thereof which is proposed to be repealed; and (b) a comparative print of that part of the bill or joint resolution making the amendment and of the statute or part thereof proposed to be amended, showing by stricken-through type and italics, parallel columns, or other appropriate typographical devices the omissions and insertions which would be made by the bill or joint resolution if enacted in the form recommended by the committee.”

The Committee bill as recommended contains no such provisions.
